Hellenic Society of Breast Surgeons (HSBS) EXEM meets Breastics:  
"Virtual MDT with Live voting; Critical Decisions in Borderline Cases"

## MESSAGE FROM THE ORGANIZERS

Dear all,

It is our great pleasure to invite you to the upcoming webinar, organized by the Hellenic Society of Breast Surgeons (HSBS), taking place on Saturday, 24th of May 2025.

We are thrilled to welcome once again BREASTICS24h into our program and celebrate the growing international character of this annual event. "Virtual MDT with Live Voting: Critical Decisions in Borderline Cases," continues the tradition of fostering dynamic, collaborative discussions. The webinar will focus on complex cases discussed in a Multi-Disciplinary Team (MDT) environment, where participants can explore diverse perspectives from an international panel of experts. Attendees will actively engage by live voting on the best management strategies for each case, adding an interactive and thought-provoking dimension to the discussions. Building on the consistent success of our past webinars, this year's program will feature:

Expert international panelists who will present, debate, and provide valuable insights.  
Interactive case discussions that challenge and enrich clinical decision-making.  
Two 15-minute satellite lectures during the lunch break to spotlight emerging topics.  
The event will be divided into two sessions, each lasting 2 hours and 40 minutes, designed to offer a balance of in-depth learning and lively exchange.  
We warmly invite you to join us on May 24th to participate in this unique educational experience. Together, let's continue to enhance our knowledge and practices in the field of breast surgery.  
We look forward to welcoming you to what promises to be an engaging and inspiring webinar.

### Vassilis Venizelos

Head of Breast Unit  
Director of Breast Clinic Metropolitan Hospital  
President of Hellenic Society of Breast Surgeons

### Presidents of the Organizing Committee

#### Michalis Kontos

Professor Breast and General  
Surgery National and Kapodistrian  
University of Athens
