Hellenic Society of Breast Surgeons (HSBS) meets BREASTICS : Virtual MDT with Live Voting; Critical Decisions in Borderline Cases

Dear all,

It is our great pleasure to invite you to the upcoming webinar organized by the Hellenic Society of Breast Surgeons (HSBS), which will take place on Saturday, June 6, 2026.
We are delighted to welcome BREASTICS24h once again to our program, further strengthening the growing international character of this annual event. This year's webinar, titled "Virtual MDT with Live Voting: Critical Decisions in Borderline Cases," continues our commitment to fostering dynamic, collaborative, and clinically meaningful discussions.
We are proud to host once again an outstanding panel of distinguished international experts in the field, who will share their experience, challenge perspectives, and engage in live debates on complex and often controversial cases. Through a multidisciplinary team (MDT) approach, participants will gain valuable insights into real-world decision-making in borderline clinical scenarios.
A key highlight of the webinar will be the interactive live voting, allowing attendees to actively participate and compare their clinical judgment with that of leading experts, adding a stimulating and thought-provoking dimension to the discussions.
Building on the consistent success of our previous webinars, this year's program will also feature:
Expert-led case presentations and in-depth discussions , Live debates on critical management decisions,
Two 15-minute satellite lectures during the lunch break, highlighting emerging topics in breast care.
The event will be divided into two sessions, each lasting 2 hours and 40 minutes, ensuring a balanced combination of comprehensive learning and engaging interaction.
We warmly invite you to join us on June 6, 2026, and be part of this unique educational experience.
Together, let us continue to advance knowledge and excellence in breast surgery.
We look forward to welcoming you to what promises to be an engaging and inspiring webinar.
